SOFTWARE ENGINEER | AI/ML

Ajjarapu Pranav Sai Sreekanta

+91 6305596690 • apranavsai07@gmail.com • Hyderabad, Telangana Portfolio • linkedin.com/in/pranavsai

PROFILE

Fourth-year Computer Science student with hands-on experience in AI/ML and software development, focused on building practical AI-powered applications. Experienced in developing LLM-powered and agentic AI systems, as well as machine learning pipelines involving feature engineering, model training, and evaluation. Comfortable integrating AI/ML capabilities into web applications using Python, FastAPI, and modern development tools, with a focus on building scalable solutions that address real-world problems.

EDUCATION

B.E. in Computer Science Engineering | 2023 - 2027
Matrusri Engineering College
CGPA: 8.69/10

Relevant coursework: DSA, Computer Networks, DAA, DBMS, OS, Neural Networks and Deep Learning, Data Mining

Intermediate in Maths, Physics, Chemistry | 2021 - 2023
Narayana Junior College
Percentage: 96.3%

PROJECTS

DataMind- Agentic Intelligence For Data Analysis | LiveDemo | GitHub

- **Built** an agentic data-analysis system using **LangGraph, LangChain, Python, and Gemini** for automated data analysis and reporting.
- Designed **stateful AI workflows** combining LLM reasoning, analytical tools, to execute natural-language requests.
- **Developed and deployed** the full-stack application using **FastAPI, React, and Supabase/PostgreSQL** with authentication and data persistence.

Continuous Behavioral Biometric Authentication (ML Lead) | GitHub

- **Led** ML pipeline development as ML Lead for a **3-member team**, covering feature engineering, model training, and evaluation.
- **Engineered** 30+ statistical features from touch, stroke, scroll, and keystroke behavioral data using **HMOG and custom Android telemetry**.
- **Built** a Random Forest authentication classifier, achieving **91.21% accuracy, 97.37% ROC-AUC, and 7.88% EER** across 546 test pairs.

ResumeMatch- AI Powered Resume Analyzer | Live Demo | GitHub

- Built a resume-job matching system using React and FastAPI, generating **match scores** and identifying **skill gaps** from resumes and job descriptions.
- Designed a hybrid matching pipeline combining **rule-based logic**, semantic search, and **LLM APIs**, enabling skill matching based on **semantic meaning** rather than exact keyword overlap.
- Used **deterministic rules** and **semantic matching** to minimize unnecessary LLM calls and API dependency.

POSITIONS OF RESPONSIBILITY

Vice President — DevCatalyst Tech Club Aug 2026 — Present

- Recently appointed Vice President, responsible for guiding club strategy, technical initiatives, and event planning, building on prior experience in large-scale event coordination and technical workshops.

Technical Team Member — DevCatalyst Tech Club Aug 2025 — Aug 2026

- Hosted workshops on AI agents, GitHub, and Docker, and led large-scale events including Smart India Hackathon for 600+ participants, coordinating logistics across teams

KEY SKILLS

- **Programming Languages**: Python, Java, C, SQL
- **AI/ML**: Machine Learning, Deep Learning, NLP, Generative AI, LLMs, LangChain, LangGraph, Scikit-learn
- **Web Development**: React, FastAPI, REST APIs, HTML, CSS, JavaScript
- **Databases**: MySQL, PostgreSQL, MongoDB, Supabase
- **Cloud & Devops**: AWS, Oracle Cloud Infrastructure (OCI), Docker
- **Tools & Platforms**: Git, GitHub, VS Code, Jupyter Notebook, Streamlit

SOFT SKILLS

- Communication
- Leadership
- Teamwork
- Adaptability
- Time management
- Problem-solving mindset

CERTIFICATIONS

- Oracle Agentic AI Certified Foundations Associate - Credential
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional - Credential
- AI Powered Cloud Engineer Virtual Internship (AWS) - Credential

LANGUAGES

- English - Full professional proficiency
- Telugu - Professional proficiency
- Hindi - Professional proficiency

INTERESTS

- **Cricket** - Helps me develop a composed mindset, strategic thinking, and the ability to handle pressure and make decisions in competitive situations.
- **Dance -**A regular part of my routine that keeps me physically active while strengthening discipline, coordination, and consistency.
